Notice of Intent for New or Renewal of General Permit for Discharges from Small Municipal Separate Storm Sewer Systems (MS4's)

Part I. Municipal (MS4) Contact Information

1. Name of Municipality: Campton Township Highway District MS4 #: ILR400483
 Population (based on 2010 census): 17,457
2. MS4 Mailing Address: 5N790 Route 47 City: Maple Park, IL Zip: 60151
3. Primary MS4 Contact Person (Authorized Representative for MS4 Permit)
 Name: Sam Galluci Title: Highway Commissioner
 Phone: (630) 365-9300 Email Address: highwaycommissioner@camptontownship.com

General Information

4. Latitude and Longitude at approximate geographical center of MS4 for which you are requesting authorization to discharge:
 Latitude: 41 56 30 Longitude: 88 24 50
 Degrees Minutes Seconds Degrees Minutes Seconds
5. Community Type: Township Other: _____
6. Name(s) of governmental entity(ies) in which MS4 is located:
- | City/Village | Township | County |
|--------------------------|----------|--------|
| Village of Elburn | Campton | Kane |
| Village of Lily Lake | Campton | Kane |
| Village of Campton Hills | Campton | Kane |
| Unincorporated | Campton | Kane |
7. Area of land within your MS4 in square miles: 34.3
8. Percent of MS4 served by combined sewer: 0 Percent of MS4 served by separate sewer: 100

Impaired Waters

The most recent 303(d) list may be found at <https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/303d-list.aspx>. Information regarding TMDLs may be found at <https://www2.illinois.gov/epa/topics/water-quality/watershed-management/tmdls/Pages/default.aspx>.

Name(s) of known receiving waters (in and within 3 miles of MS4 area)	Impairment listed on 303d List or TMDL?
Mill Creek	<input checked="" type="radio"/> Yes <input type="radio"/> No
Ferson Creek	<input checked="" type="radio"/> Yes <input type="radio"/> No

9a. If impaired, which potential causes and source?

Causes: Dissolved Oxygen, pH, Phosphorus, Fecal Col. Source: Unknown

9b. Are the receiving waterbodies included in an approved TMDL or alternate water quality management plan? Yes No

9c. Is the MS4 community included in the chloride variance? Yes No

Program Responsibility

10. Shared Responsibility

Is your MS4 responsible for any permit requirements of another MS4 community? Yes No

Does your MS4 Community rely on another MS4 to satisfy any of the permit requirements? Yes No

If yes: Which MS4 community?: Kane County

Which minimum control measurements is the other MS4 responsible for?

Public Education and Outreach

Construction Site Runoff Control

Public Participation/Involvement

Post-Construction Runoff Control

Illicit Discharge Detection and Elimination

Pollution Prevention/Good Housekeeping

11. Co-Permittee

Is your MS4 Community a Co-Permittee with another MS4 Community? Yes No

12. Other contacts responsible for implementation or coordination of Stormwater Management Program

Name: Timothy Paulson

Title: Engineering Consultant

Phone: (630) 466-6700

Email: tpaulson@eeiweb.com

Area of Responsibility: Assistance with NPDES Stormwater Management Permits and Reports

Part II. Best Management Practices (include shared responsibilities) which have been implemented or are proposed to be implemented in the MS4 area

A. Public Education and Outreach

Approximate date first implemented: 2013 Frequency of each BMP program: Ongoing

Qualifying Local Programs

Campton Township will utilize the existing and proposed public education and outreach programs that are administered by the Kane County Department of Environment and Water Resources as part of Kane County's NPDES Phase II NOI.

Measurable Goals (include shared responsibilities)

- A.1 Distributed Paper Material
- A.2 Speaking Engagement
- A.3 Public Service Announcement
- A.4 Community Event
- A.5 Classroom Education Material
- A.6 Other Public Education

B. Public Participation/Involvement

Approximate date first implemented: 2013 Frequency of each BMP program: Ongoing

Qualifying Local Programs

Campton Township will utilize the existing and proposed public involvement and participation programs that are administered by the Kane County Department of Environment and Water Resources as part of Kane County's NPDES Phase II NOI. In addition to those County programs, the following existing township program addresses part of this control measure:

Public Meetings

Campton Township conducts monthly meetings, 2nd Tuesday of each month and an Annual Meeting conducted yearly. Citizen's comments are welcomed.

Measurable Goals (include shared responsibilities)

- B.2 Educational Volunteer
- B.3 Stakeholder Meeting
- B.4 Public Hearing
- B.5 Volunteer Monitoring
- B.6. Program Involvement
- B.7 Other Public Involvement

C. Illicit Discharge Detection and Elimination

Approximate date first implemented: 2013

Frequency of each BMP program: Ongoing and as required

Qualifying Local Programs

Program to Detect and Eliminate Illicit Discharges into the County's MS4: Campton Township has no formal inspection procedures for illicit discharges and therefore utilizes the same procedures/system that Kane County employs to detect and eliminate illicit discharges. This system is described below:

Kane County currently has a staff of Health Department inspectors whose job, in part, is to investigate possible illegal discharges to the County's stormwater system. Illegal discharge identification is done via one of two procedures: the Department receives a complaint from the public or by means of visual observation by a Health Dept. inspector.

Under State/local law, effectively prohibit, through regulatory mechanism, non-stormwater discharges into the County's MS4: Kane County has regulatory authority to prohibit septic system discharges into publicly-owned stormsewers or open channels (Kane County Septic Ordinance). If an illegal discharge is suspected, the Health Department inspects the site and may conduct a dye test and/or collect a water sample for analysis. If the discharge is illegal, the County issues the owner a 30 day notice to correct the deficiency. If the illegal discharge is not corrected, the County Health Department then turns the case over to the State Attorney, who then pursues legal action to enforce elimination of the illegal discharge. Non-septic system discharges are not regulated by the County and these types of suspected illegal discharges are addressed by notifying the regional IEPA office and coordinating with their investigation.

Illicit Discharge Education Component - Newsletter / Newspaper Insert: "Kane County Recycles". Informs county & municipal residents on the recycling program in Kane County and publishes dates and times of various recycling events for collection of used motor oil, used tires, household hazardous wastes, household batteries. Kane County distributes this newsletter annually in local newspapers throughout the township and is available at the County Government Center.

Measurable Goals (include shared responsibilities)

C.1 Sewer Map Preparation

Brief Description of BMP

Campton Township has prepared a township map to show location and size of all township owned stormwater outfalls to receiving streams in the township. Campton Township will coordinate with Kane County to keep the mapping system updated.

Measurable Goals, including frequencies

Update stormwater outfall map as new outfalls are added or identified.

Milestones

Year 1: Update stormwater outfall map as new outfalls are added or identified.

Year 2: Update stormwater outfall map as new outfalls are added or identified.

Year 3: Update stormwater outfall map as new outfalls are added or identified.

Year 4: Update stormwater outfall map as new outfalls are added or identified.

Year 5: Update stormwater outfall map as new outfalls are added or identified.

Additional Info

BMP Number: _____

C.2 Regulatory Control Program

C.3 Detection/Elimination Prioritization Plan

- C.4 Illicit Discharge Tracing Procedures
- C.5 Illicit Source Removal Procedures
- C.6 Program Evaluation and Assessment
- C.7 Visual Dry Weather Screening
- C.8 Pollutant Field Testing
- C.9 Public Notification
- C.10 Other Illicit Discharge Controls

Brief Description of BMP

Campton Township has adopted the same procedures/system that Kane County Employees use to detect and eliminate illicit discharges. Campton Township will continue to educate and train employees and take steps towards eliminating illicit discharges in the township.

Measurable Goals, including frequencies

Campton Township will continue to educate and train employees and take steps towards eliminating illicit discharges in the township.

Milestones

- Year 1: Ongoing education of employees and follow procedures to eliminate illicit discharges.
- Year 2: Ongoing education of employees and follow procedures to eliminate illicit discharges.
- Year 3: Ongoing education of employees and follow procedures to eliminate illicit discharges.
- Year 4: Ongoing education of employees and follow procedures to eliminate illicit discharges.
- Year 5: Ongoing education of employees and follow procedures to eliminate illicit discharges.

Additional Info

BMP Number: _____

D. Construction Site Runoff Control

Approximate date first implemented: 2013 Frequency of each BMP program: Ongoing

Qualifying Local Programs

Kane County Stormwater Management Ordinance
 Construction site stormwater runoff within Campton Township is regulated by the Kane County Stormwater Management Ordinance which was adopted by the Kane County Board on October 9, 2001. The Ordinance is enforced in unincorporated areas and non-certified communities within Campton Township by the Kane County Water Resources Department.

Measurable Goals (include shared responsibilities)

- D.1 Regulatory Control Program
- D.2 Erosion and Sediment Control BMPs
- D.3 Other Waste Control Program
- D.4 Site Plan Review Procedures
- D.5 Public Information Handling Procedures
- D.6 Site Inspection/Enforcement Procedures
- D.7 Other Construction Site Runoff Controls

Measurable Goals (include shared responsibilities)

F.1 Employee Training Program

Brief Description of BMP

Kane County has a program to offer training and continuing education to it's employees and MS4 partners through full day and part day seminars and workshops. Campton Township will send key employees to these training workshops and seminars.

Measurable Goals, including frequencies

Select employees sent to Training workshop/seminar through County MS4 program when available.

Milestones

Year 1: Select employees sent to Training workshop/seminar through County MS4 program when available.

Year 2: Select employees sent to Training workshop/seminar through County MS4 program when available.

Year 3: Select employees sent to Training workshop/seminar through County MS4 program when available.

Year 4: Select employees sent to Training workshop/seminar through County MS4 program when available.

Year 5: Select employees sent to Training workshop/seminar through County MS4 program when available.

Additional Info

BMP Number: _____

F.2 Inspection and Maintenance Program

Brief Description of BMP

Campton Township Storm Drain System and Parking Lot and Street Cleaning Programs

Measurable Goals, including frequencies

Cleaning of catch basins and storm inlets and street cleaning as needed.

Milestones

Year 1: Continue inspect and cleaning of catch basins and inlets and clean streets and parking lots as needed

Year 2: Continue inspect and cleaning of catch basins and inlets and clean streets and parking lots as needed

Year 3: Continue inspect and cleaning of catch basins and inlets and clean streets and parking lots as needed

Year 4: Continue inspect and cleaning of catch basins and inlets and clean streets and parking lots as needed

Year 5: Continue inspect and cleaning of catch basins and inlets and clean streets and parking lots as needed

Additional Info

BMP Number: _____

- F.3 Municipal Operations Storm Water Control
- F.4 Municipal Operations Waste Disposal
- F.5 Flood Management/Assess Guidelines
- F.6 Other Municipal Operations Controls

BMPs Currently Implemented and Proposed

BMP Number	Location

Approximate Pollutant Reduction Resulting from each BMP

BMP Number	Pollutant	Reduction

Instream Monitoring Program

Is there an instream monitoring program currently in place? Yes No

Is an instream monitoring program currently being proposed? Yes No

Sediment Monitoring

Is sediment monitoring currently taking place? Yes No

Sample Monitoring of Outfalls

Is sample monitoring of outfalls currently taking place? Yes No

Other Monitoring

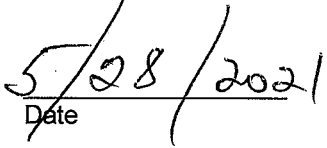

Describe other types of monitoring implemented or proposed to evaluate the BMP effectiveness or water quality impact of stormwater.

Monitoring of stormwater during construction through stormwater ordinance implementation.

Part III. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for knowingly submitting false information, including the possibility of fines and imprisonment.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony (415 ILCS 5/44 (h)).
